Mesh Chair

with T-shaped armrests

The chair features a sturdy steel structure with a padded seat and lumbar support, ensuring optimum support throughout the day.

Its adjustable seat height, depth, inclination, and backrest height provide personalized comfort and posture alignment.

The armrests are adjustable in height, width, depth, and pivot, catering to individual preferences.

Compliant with safety standards, the chair includes castors designed for stability and easy mobility.

With a focus on sustainability, the chair's materials are pest-resistant, stain and water repellent, and resistant to color transfer.

The sleek black mesh backrest and the choice of black or dark grey seat fabric add a touch of sophistication.

Rest easy with our four-year warranty, assuring you of a quality investment.
